Join us on the Clipper Clinic!

The primary goal of Clipper Clinic is to provide quality health care to our community in a comfortable and trusted environment. Each Clipper Clinic is conducted in, and partnered with a local barbershop or beauty salon. At each event, free preventive health care services are provided for anyone in the community.

Here are 5 reasons to join our team

Hands on Experience:
You will be providing screening services and patient education alongside our licensed providers. You spend hours studying, now is your chance to take what you know and apply it!

Inter professional Collaboration:
Our team includes Physicians, Registered Nurses, Community Health Workers, Care Coordinators, Patient Navigators, and Outreach specialists from multiple Metro organizations. You will learn to effectively utilize all members of the healthcare team as you carry out your individual role.

Network:
Explore different parts of the Metro area, meet community members, community leaders, and UMN staff and faculty members that are invested in community health initiatives and research!

Communication Skills:
Enhance and develop your patient communication skills in culturally and . You will leave this experience with a greater understanding of the role therapeutic communication plays in promoting positive health behavior. This is also a great opportunity to practice your medical Spanish, Oromo, Somali, Hmong, and many other languages.

Learn about Health Equity and Health Disparities in real time!
We are committed to addressing health disparities in Minnesota and the Clipper Clinic Program is one of the ways that we address this goal. In the last year we screened and educated over 500 community members! It is one thing to read about the work being done and a GREATER thing to be a part of it.
